OMBIL PLUS

OMBIL Plus is an initiative to standardize, integrate and modernize legacy AISs that provide **business information** and **performance** for the Corps Civil Works Operations community. This includes the restructuring of data to align with the business areas of **navigation, hydropower, recreation, flood damage reduction, environment, regulatory and water supply**. The AIS uses a data warehouse to merge **financial, activity, inventory and output** data to create performance measures of **efficiency** and **effectiveness**.
